

# THE GUY THAT FUN FORGOT

I'm the guy that fun ignored  
Must have blinked when I was born  
I don't know what laughing's for  
I'm the guy that fun ignored

Two flat tires on my bike  
I'm the guy that fun don't like  
Karaoke, broken mic  
I'm the guy that fun don't like

Hey, there honey, say, what's so funny  
If the joke's on me, wish I could I see it  
Why can't I see it?

I'm the guy that fun forgot  
Sense of humour gone to pot  
Can't tickle me, those nerves are shot  
I'm the guy that fun forgot  
*Female BGs:* You're the guy that fun forgot  
I'm the guy that fun forgot

I'm a party that's waiting to happen  
Can't you see these ten toes tappin'?'  
If laughter is an infection  
Then someone give me a lethal injection

I'm the guy that fun declined  
Up at five and down at nine  
I want a life that isn't mine  
I'm the guy that fun declined  
*Female BGs:* You're the guy that fun declined  
I'm the guy that fun declined

Fortune cookie, how'd you like some nookie?  
Well then let's just do it  
I just blew it  
Fine then, screw it!

I'm the guy that fun forgot  
Sense of humour gone to pot  
Can't tickle me, those nerves are shot  
I'm the guy that fun forgot
